It is hard to believe that we have come to the end of another year. What a year it has been. It has been a very busy year for us here at the Centre. The increase in students has been almost record breaking. We have come very close to running out of space.

We also did a GED program this year and an ACE program. We have had two intro to computer classes and several First Aid Course. We did some training at Goldcorp for Microsoft Office Applications as well as here at the Centre.

We have had over 70 credit courses on the go; some have been completed and some are ongoing. We are doing our credit courses through the Lakehead School Board in Thunder Bay in cooperation with the Keewatin Patricia District School Board.

Ear Falls has been quite busy this year as well. They have had a couple of students graduate; receiving their grade 12 diploma.

The students here have worked hard this year and although they have all enjoyed the year, they are looking forward to the summer break. They truly deserve it.

Anniversary Party

ABC Canada Record

Graduates;

We hope your dreams take you to the corners of your smiles, to the highest of your hopes, to the windows of your opportunities, and to the most special places, your heart have ever known.

On January 23rd, 2009, students from the Red Lake District attempted to help break a world record. This year in celebration of Family Literacy Day, ABC Canada organized a nationwide event to try to break the Guinness World Record for "Most Children Reading With an Adult, Multiple Locations". This record was currently held by the United States with 78,791 participants set in 2006. On January 23rd, 2009, 512 students from the Golden Learning Centre, Red Lake Madsen Public School, St. John's Catholic School and Ear Falls Public School joined thousands of other students nationwide to attempt to break this record.

Well the final numbers are in! ABC Canada recorded 121,268 Canadians as participants in the Family Literacy Day World Record Attempt. Documentation has been sent to Guinness World Record and we are now waiting for the official ruling to determine if Canada is the new record holder for "Most Child Reading With and Adult, Multiple Locations.

Writing Corner

Father's Day is June 21st this year.
Here is a poem for Fathers:

What Makes a Dad

God took the strength of a mountain,
The majesty of a tree,
The warmth of a summer sun,
The calm of a quiet sea,
The generous soul of nature,
The comforting arm of night,
The wisdom of the ages,
The power of the eagle's flight,
The joy of a morning in spring,
The faith of a mustard seed,
The patience of eternity,
The depth of a family need,
Then God combined these qualities,
When there was nothing more to add,
He knew His masterpiece was complete,
And so,
He called it ... Dad

School Activities

Our school picnic was held on June 8th, and the weather held off long enough that day for the students to have a wonderful day. They did some canoeing, paddle boating, badminton and of course the hot dogs and marshmallows on a fire. We topped that meal off with banana splits and went home happy.

June 16th will be our annual potluck. All the students, board members, volunteers, and staff will get together for some good food and laughs. On the 19th of June we will bid farewell for the summer. The Learners have worked very hard and deserve a relaxing summer break.

We would like to take this opportunity to thank some very important people that help us throughout the year. We would be lost without them. Thanks for your help, Nelson Haney, Orville Gentes, and Terry Gattinger

School starts up again in September on the 14th. Hope to see you then.

Congratulations to the Graduates!

June is the time of year that thousands of young people finish school and enter the world of working and living their lives. It is a grand time for them. For an adult student it is so much more. They have to work so hard, juggling families, jobs, limited study time and finances to obtain that diploma. We celebrate you! You have truly succeeded at something that you might have thought impossible. Always remember, your schooling may be over but your education lasts forever.

HAPPY FATHER'S DAY

Father's Day

Father's Day is a special day for everyone! We use this day to honor our fathers all over the world? We celebrate this holiday on the third Sunday in June. A woman named Sonora Smart Dodd from Spokane, Washington, thought of the idea for Father's Day while listening to a Mother's Day sermon in 1909. Her father, Henry Jackson Smart, had raised Sonora after her mother died and she wanted him to know how special he was to her. Her father was born in June, so she chose that month to celebrate the new holiday!

The Graduate

The future lies before you
Like a field of driven snow,
Be careful how you tread it,
For every step will show.
